# Milesight 24-Port (SFP) PoE Switch

**Extend Mode**

**Surge Protection**

**IEEE 802.3** af at

400W

MS-S0224-GL/MS-S0424-GF

## KEY FEATURES

▶ **Ports** (Provide up to 24*10/100Mbps PoE ports, 2*1000Mbps uplink ports and 2*SFP uplink ports.)

▶ **PoE Protocol** (IEEE 802.3af and IEEE 802.3at Power over Ethernet (PoE) compliant.)

▶ **Total PoE Power** (Power budget of 400W and 30W for all PoE ports and single port respectively.)

▶ **Self-adaption Port** (RJ45 port supports 10/100Mbps Auto MDI/MDIX.)

▶ **Wide Application** (Available for wireless AP and network cameras through CAT 5 cable.)

▶ **Extend Mode** (Extend PoE up to 250m on one single cable.)

▶ **SFP Uplink Port** (Provide more than enough bandwidth and stability for ultra high speed data transferring.)

▶ **Surge Protection** (Protect the device from lightning surges and other electrical hazards.)

▶ **Easy to Use** (Easily understandable working status, simple and convenient functions with no configuration.)

## Versatile Ports

Featuring up to 24*10/100Mbps PoE ports which support IEEE 802.3 af/at protocol, 2*Gigabit uplink ports and 2*SFP uplink ports, the Milesight PoE Switch provides maximum power budget of 400W and 30W for all PoE ports and every single PoE port respectively,allowing users to have several different camera variations configured.

GF

Ultra High Speed Data Transferring

SFP Ports

## SFP Uplink Port

With SFP module slot available, the SFP uplink port is ideal for connecting the switch to the network's backbone, providing more than enough bandwidth and stability for ultra high speed data transferring.

## Surge Protection

4KV surge protection keeps PoE Switches from lightning strikes and other electrical surges, offering reliable performance even in some harsh environments.

## Easy to Use

With exquisite structure, the PoE Switch is a truly user-friendly device owns strong functionality. The plug and play with no configuration and the indicator lights will have no doubt to bring great ease of use.
